CONNECTING PARENTS

Mini - Conference

Saturday November 26

Island Savings Centre

Parents are incredible! Parents take on one of the most important roles in our society with one of the most difficult jobs! We want to honour, celebrate and enrich YOUR worlds with this one day mini conference. The focus is on families with children aged birth to six years old. Choose 4 workshops from a list of 14 interesting and interactive workshops, enjoy lunch with new friends and be celebrated for the work you do as a parent.

**\$15 per Person or \$25.00 per Couple
(with same children)**

DEADLINE FOR REGISTRATION

NOVEMBER 16

Space is limited so register early

Workshop Options - Choose 4

Session A Full Day Kindergarten

Implementation of full day kindergarten is here! What is full day Kindergarten? Is my child ready? What will they be learning? This session will provide parents with information about the Kindergarten program and will provide parents with the opportunity to ask questions.

Session B Photographing your Children

You will learn how to capture candid "Kodak moments of your loved ones, no matter what camera you own. Berkley will go over basic camera settings, editing, uploading to your computer and saving your files properly. Get the perfect without forcing "say cheeeese"!

Session C The Modern Family Grocery Cart Make Over

Modern families are on the go, keep busy schedules and face the age old dilemma of what to feed the kids! Enhance or rejuvenate your shopping savvy with a Grocery Cart Make over. This session will look at how to get the most value for your food dollar and explore ways to make food choices rich in iron, lower in sodium and the latest nutrition tips to support the overall well-being of your whole family. Join 3 dietitians for an action packed session.

Session D Early Literacy Skills @ the Library

Children are learning about reading long before they ever start to read. Join the library to learn about the early literacy skills that will help your child experience a lifetime of success and joy with reading. Find out how you can encourage your infant, toddler and preschooler to develop these early literacy skills, and how the library can help with the variety of resources they offer.

Session E Let's Talk About Parent Stress

This informal facilitated discussion about modern day stresses on families will provide you with an opportunity to talk to other families about solutions for every day stresses and how you can reduce them by creating harmony within the home. Participants will come prepared to share their trials, tribulations and successes.

Session F Understanding your Preschooler's Temperament: Adjusting your parent style to suit your child's personality style

Having a better understanding of different personality styles in the family can strengthen relationships. A good fit between parenting and personality style can have a positive influence on children's development. This workshop will introduce parents to the strengths and challenges associated with 9 major temperament or personality traits. Practical pointers will be offered to help parents adjust their parenting style to suite the unique temperaments of young children.

Session G Play Based Learning

Play is an important factor in learning. Find out why having the opportunities to play creates richer learning, develops social skills and allows for creative and critical thinking.

Session H The Toilet Train

Come and ride the toilet train! You will learn readiness for toilet training, the six phases of toilet training and tips for success!

Session I Sounds Fun

Come learn about the development of articulation "pronunciation" and how to help foster its development at home. This workshop will include information about the typical development of speech sound production skills so that you will know what to expect as your child learns to talk. Learn common errors that children make and fun ways to work on speech as well as resources to take home!

Session J Process Art

Children go through a process that begins with a scribbling stage which is one of the most important stages in artistic development. This workshop will take you through the stages of children's art which is universal. You will learn what is needed to facilitate your child's development in art for all future writing and artistic exploration.

Session K The Power of Positive Parenting

This Triple P parenting seminar will introduce you to effective parenting strategies that are simple and easy to apply in the day to day challenges of parenting. This positive parenting approach will help you respond more consistently, immediately and decisively to common behaviour problems, increasing your confidence and competence in your role as a parent.

Session L Positioning and Equipment for Infants: their connection to child movement development

Positioning tips and information will be presented about how to prevent baby flat head and how to position infants to promote the development of sitting, crawling, standing and walking. Equipment- to use or not to use. Positioning and use of equipment for premature babies.

Session M What Babies Want

Parents will have the opportunity to discover what babies want from conception on. They will also learn about the importance of good parent messages and what kinds of messages we all need to receive at an early stage and age in life. Parents also gain some knowledge and skills around receiving these messages as adults if they never received them as children. We can't give what we didn't get.

Session N Navigating your Child Care Search

Parents will learn how to make informed decisions how to select and monitor child care that best suits their families needs. Find quality child care in the Cowichan Valley through connecting with Child Care Resource and Referral free support services. Learn how to maintain positive relationships with your child care provider.
